

Orientation Programs for New students, August 2019

IIT Mandi organized orientation programs for new students who took admission in August 2019 semester. Orientation programs for B.Tech students were organized on 25th of July. The incoming undergraduate batch has 53 girls and 209 boys, making the female student ratio to 20.23% which exceeds Institute's target of 20% for year 2019. Students from across India including the North East and South have joined existing undergraduate programs in Civil Engineering, Mechanical Engineering, Electrical Engineering, Computer Science and Engineering and the following new programs established this year, Data Science and Engineering, Engineering Physics and Dual Degree in Bioengineering. The Director and Deans welcomed the students and parents, gave a brief over view about the institute, the undergraduate curriculum, student life and the Five week Induction program. The Director and Deans answered queries by parents in the interactive session. The orientation program was followed by admission and registration.
