# 2<sup>ND</sup> EARTH DAY CELEBRATION

Dated: 22<sup>nd</sup> April, 2017

Even though there is some debate as to the official first day of Earth Day. The Earth day we celebrate today came from the event on April 22<sup>nd</sup> 1970. It was a great day to showcase environmental education, highlight efforts to green the institute and engage the whole student community in making a difference.

Awareness events explained to the students how earth can be saved from global warming. An awareness programme was also organized. The Earth Day celebration offers opportunities to both teach about the issue and make a tangible environmental impact. Together we can make everyday Earth Day and each one of us in the institute can make a difference. In this spirit in mind NSS unit IIT Mandi collaboration with Environmental Club celebrated Students of IIT Mandi.

**Students are planting tree on the occasion of "Earth Day.**

Along with Green Panel participated in both events and encouraged the group of enthusiastic students for celebrating the Earth Day by spreading awareness through both of the events organized by them. The overall weather for the red-labeled day was pleasant with few showers of rain and serene breeze. The celebration of the day started with plantation derives and spreading a couple of hours of the evening by the presentation of several environmental activities by the students of the IIT Mandi. The activities of the group of enthusiastic and energic students of the institute were supported by the presence of some faculty members and staff of the institute. All the event of the morning session was accomplished successfully by healthy refreshments.

At the end of the day, the world history of Earth Day was remembered through and introductory speech, followed by a presentation delivered by the students of the Environment Club of IIT Mandi.
