

Deanery of Digital & Computing Services (IIT Mandi) recently organized a three-day bootcamp in collaboration with CDAC for its students and community members. Held from February 28th to March 1st, 2024, across both the south and north campuses, the **bootcamp** aimed to educate NSM users about the cluster environment and fundamental HPC concepts. This initiative underscores IIT Mandi's commitment to providing valuable learning opportunities and fostering a deeper understanding of high-performance computing among its stakeholders.

This collaborative effort highlights IIT Mandi's dedication to fostering a culture of innovation and technological proficiency among its members, ensuring their readiness for future challenges in the digital landscape.
